Chairman's Invitation to attend Pan Pacific Pork Expo (PPPE) 2016

PPPE 2016 Welcome!

On behalf of the PPPE Committee, welcome to the Pan Pacific Pork Expo 2016!

This year's theme is "Inspiring Transformation" with Conference Delegates being exposed to the major industry developments, trends and technologies. We hope that you will be inspired to transform your business.

I believe PPPE 2016 is building to be the best yet. In 2014, we had more than 500 guests in attendance. In 2016, the PPPE Committee is aiming to grow this significant industry event to over 600 guests.

Attending PPPE provides conference attendees and exhibitors with valuable opportunities to network with fellow producers and suppliers. PPPE delivers the perfect forum for you to gain further information around major industry opportunities through both the trade fair and the technical information sessions. The technical sessions will include presentations by key speakers on topical issues, research and world trends, these presentations are based on relevant scientific research data sourced from Australia and around the world.

Following on from the success of the 2014 trade exhibition, I am excited by the interest from exhibitors to attend the 2016 event. This year there will be greater exposure for exhibitors and sponsors to those attending the conference, through additional trade exhibition meals and social functions in the exhibition area. For those that can only attend one day of PPPE there will be one day passes on sale.

PPPE 2016 again will precede the Poultry Information Exchange (PIX) event, providing additional value for those exhibitors who are interested in exhibiting at both events. With the support of PIX organisers, exhibitors can choose to remain on the same site chosen for PPPE with the opportunity to store PIX industry display material on-site at the Gold Coast Convention & Exhibition Centre. This working relationship with PIX will give joint exhibitors a seamless, low cost change-over between events.

In supporting producers, the PPPE Committee will again provide an APL Member "Attendance Assistance Package" of return airfares plus accommodation to further ensure the greatest numbers of industry participants are available to attend PPPE 2016. Further information is available in the Events information section of this brochure.

Our event coordinator is waiting for your call.
