## Gas Safety Management Template

**Investigator:** John Fleming, Gas Advisory Services Pty Ltd

**Purpose:**

- To produce a Gas Safety Management Plan (GSMP) for use by pig producers developing or operating biogas systems
- To assist in fast tracking gas safety compliance requirements.

**Take home messages:**

- Template aligns with the new Code of Practice for On-Farm Biogas Production and Use (Piggeries) 2015
- Suitable for use in all States, including the specific requirements of Queensland
- Provides a step by step guide through the elements of a 'safety plan' with appendices and examples to guide producers through the requirements.

**Additional information:**
