

GETTING STARTED

Registering with PigPass

PigPass is a system for tracking the movement of all pigs in Australia.

Understanding when and where pigs are moved is extremely important in the event of a disease outbreak or food safety emergency.

If you have one pig, 20 pigs, a pet pig or a Christmas pig, the PigPass system applies to you.

BEFORE YOU REGISTER

Before you can register, you will need to obtain a Property Identification Code (PIC) and a tattoo/brand number*. The table below outlines the appropriate contact points to obtain a PIC and tattoo/brand number.

State	Authority	Phone number
QLD	Department of Agriculture and Fisheries	13 25 23
NSW	Local Land Services	1300 795 299
VIC	Department of Economic Development, Jobs, Transport and Resources	1800 678 779
TAS	Department of Primary Industries, Parks, Water and Environment	03 6165 3240
SA	Department of Primary Industries and Regions	08 8207 7919
WA	Department of Agriculture and Food	08 9753 0302

Registration is done online at www.pigpass.com.au. Click on 'Register' for a link to the registration page.

If you have any questions or need assistance please contact the PigPass Helpdesk.

✉ helpdesk@pigpass.com.au ☎ 1800 001 458
Monday to Friday 8:30am to 5pm EST

*Some exceptions apply in NSW and QLD. Please contact your relevant state authority for more information.

During the registration process you will be asked to provide the following information:

Contact Details

Here you will need to provide an email address and a password. Your email will be your username for all future logins. You will be able to change your password at a later date, if required.

You will also need to provide at least one phone number. If possible, please provide a property phone number, a mobile phone number, and a fax number (if applicable).

Property Details

In this section you are required to fill in the following information:

Property address

The address where your pigs are kept. This must be an address that matches the PIC that you provide.

Postal address

Occasionally PigPass will need to get in contact with you and it is important that you provide a postal address. If

you order a book of PigPass NVDs, it will be posted to this address.

Producer details

You will need to indicate the number of sows (female breeding pigs) and growers (other pigs) currently on the property. Indicate the number of pigs currently on the property, and not how many may be moved in the near future.

You will also be asked for your Property Identification Code (PIC) and a registered tattoo/brand number. These numbers are issued by your relevant state authority, so if you do not have a PIC or tattoo/brand number, then please obtain one before registering for PigPass.

You must provide the PIC which corresponds to the address where the pigs are kept – you cannot use someone else's PIC. PICs are verified by PigPass for all registrations.

SUBMITTING YOUR REGISTRATION

Once you have successfully submitted your PigPass registration you will receive an email within two business days informing you of the outcome of the registration. If the registration has been approved, you will be able to log on using your username and password to create free electronic PigPass NVDs, order a PigPass book (at a cost), and report Property-to-Property Movements.
